

## Voting Flier (sample adobe photoshop elements assignment)

Begin a new photoshop

Make it 7\*10 inches

Open up the flag picture in the photoshop folder on the desktop

With the dotted square tool select the picture

With the move tool (the arrow) bring it on to the background

Size it to fit the background

Make the picture grayscale

Undo the grayscale with edit undo or the undo tool on the toolbar

Make it opaque

Open up the statute of liberty pin

With the dotted square tool select the picture

With the move tool ( the arrow) bring it on to the background

Size it to fit the background

With the eraser tool clean it up

With the blur tool smooth the edges

With the text tool choose a font you like and choose a size that looks good.
