

Digital Learning Network™

The goal of NASA's Digital Learning Network™ is to enhance NASA's capability to deliver unique content by linking customers with one or more NASA Centers across the country. This distance learning initiative provides a unique experience for students and educators at the K12 and university levels, bringing NASA's unique content, facilities, and personnel right into their classrooms.

Using interactive instructional technology in support of long-term retention of knowledge the DLN delivers content as only NASA can. Learners at all levels have the opportunity to interact directly with NASA scientists and educational specialists to gain a new appreciation for the importance of science and education.

Everything you need to explore NASA's DLN™

The screenshot shows the NASA Education website for the Digital Learning Network (DLN). The header includes the NASA logo and 'NASA EDUCATION' with links to 'NASA Home' and 'NASA Education'. A navigation bar contains links for 'ABOUT US', 'EDUCATION CALENDAR', 'NASA EDUCATION OFFICES', and 'NASA EDUCATION PROGRAMS'. The main content area features a large 'DLN' logo and a 'Welcome to the Digital Learning Network' message. Below this, a paragraph explains the DLN's goal: to enhance NASA's capability to deliver unique content by linking customers with one or more NASA Centers in an integrated fashion. A 'Featured Events' section lists several events with 'View Details' and 'Register' links:

- Comets: Visitors from the Unknown!** - View Details, Register
- Can a Shoebox Fly Challenge** - View Details, Register
- The Space Shuttle** - View Details, Register
- Planet Hopping: Exploring the solar system with mathematics** - View Details, Register
- Reduced Gravity: Effects on the Human Body** - View Details, Register
- Videoconferencing FUNDamentals (EDUCATORS)** - View Details, Register

A sidebar on the left contains a 'DIGITAL LEARNING NETWORK™ (DLN)' section with links for 'ABOUT THE DLN', 'EVENT CATALOG', 'EVENT GUIDELINES', 'WEBCAST EVENTS', 'TECHNICAL FAQ', 'TOOLS & PLUGINS', 'LOGIN (REGISTERED USERS)', 'NEW USER REGISTRATION', 'CONTACT US', and 'FEEDBACK FORMS'.
