

A **New** Answer for Achieving **Student Success?**

*Full K–12 curriculum available? **Yes!***

*Engaging, rigorous curriculum based on the way today's students think and learn? **Yes!***

*Industry-leading support that is available on the phone, via e-mail, and online? **Yes!***

*A commitment to flexible product training anywhere, anytime — in person or online? **Yes!***

*Coaching, mentoring, and modeling — in person or online — to ensure teacher success? **Yes!***

Unlimited-User Access?

We now offer our customers unlimited-user access to Odyssey® curriculum! Unlimited-user access has many benefits:

- Increased, school-wide usage enables more consistency and increased student achievement.
- Campus-wide implementations eliminate the need to schedule or share access.
- Every student in the school works on his or her own personalized learning path.

I'd love to hear from you! Please contact me directly at ceo@compasslearning.com with any questions or suggestions about how we can better serve you.
Eric Loeffel, CompassLearning CEO

Strengthening Our Partnership with You

We are launching a new initiative that will make it easier to do business with us and make our products and services easier to buy, implement, use, and support. The driving force behind this initiative is customer feedback — questions, suggestions, and ideas about how we can help students and educators achieve their goal of increased achievement.

You have asked for top-quality products and versatile services that meet your needs and match your schedule. You have asked for streamlined pricing and licensing. You have asked for additional service, support, and training options to make your life easier.

And we have responded with a resounding **YES!**
